2024 TAX SEASON

Introduction

Perhaps you've heard of the Arizona Charitable Tax Credit, but don't know what it does or how it works. That's okay. Most Arizona taxpayers do not know how to take full advantage of Arizona's state tax credits.

The state of Arizona provides a variety of individual tax credits, including the AZ Charitable Tax Credit. These tax credits allow taxpayers to make charitable contributions and receive dollar-for-dollar reductions in their Arizona state tax liabilities.

In this guide, you will learn more about eligible charity organizations and utilizing the AZ Charitable Tax Credit to your benefit.

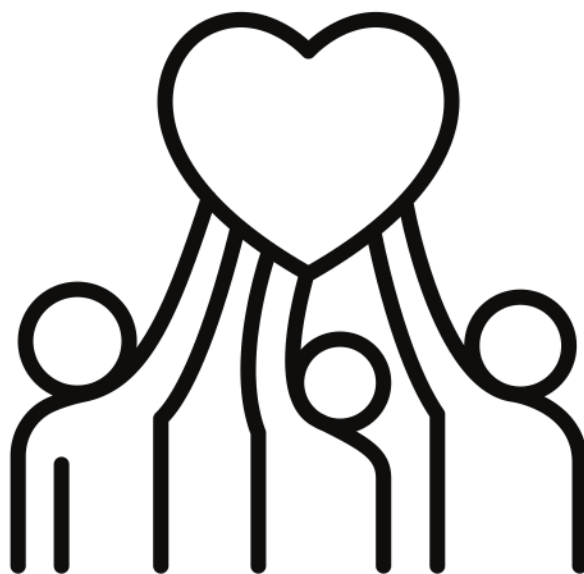

Understanding the Arizona Charitable Tax Credit

The Arizona Charitable Tax Credit is a set of two nonrefundable individual income tax credits for charitable contributions to **Qualifying Charitable Organizations (QCOs)** and **Qualifying Foster Care Charitable Organizations (QFCOs)**.

The maximum allowable credit for contributions to **QCOs** is \$938 for married filing jointly or \$470 for single, married filing separately, and heads of household filers. The maximum credit for contributions to **QFCOs** is \$1,173 for married filing jointly or \$587 for single, married filing separately, and heads of household filers.

These tax credits provide dollar-for-dollar tax benefits, allowing taxpayers to reduce their state tax liabilities for each dollar donated to charities up to the maximum allowable limits.

Guidelines for the Arizona Charitable Tax Credit

Here are some general guidelines for using the Arizona Charitable Tax Credit. Please consult your tax advisor for advice on your specific tax situation.

- Donations must be made by individuals (corporations, foundations, partnerships, etc. do not qualify).
- Donations must be made in cash (property donations do not qualify, nor do in-kind donations such as toys, books, and services).
- Donations must be made to **Qualified Charitable Organizations (QCOs)** or **Qualifying Foster Care Charitable Organizations (QFCOs)** that have been certified by the state of Arizona; gifts to noncertified charities are *not* eligible for the AZ Charitable Tax Credit.
- Credits that are not applied to tax obligations for the current tax year may be carried forward to future tax years. Please check with your tax professional about your eligibility.

How to Document Your Donation and Claim Your Tax Credits

Fortunately, the process for making a charitable contribution and claiming the Arizona Charitable Tax Credit is relatively straightforward. There are four steps to document your donation and claim your tax credit.

1. Donate to a certified charitable organization (QCO or QFCO), such as **Children's Clinics**.
2. Maintain a receipt of your gift from the charity to provide a copy with your tax return. (If you misplace your donation receipt from Children's Clinics, contact us, and we will provide another copy.)
3. Complete the relevant tax form to claim one or more credits for your gift(s) : Arizona Form 321 for gifts to QCOs, and/or Arizona Form 352 for gifts to QFCOs.
4. Calculate your individual tax return (e.g. Arizona form 140, 140 X&Y Tables or 140X), subtracting your tax credits from your tax liability, in order to reduce your Arizona state tax balance. Include either Arizona Form 321, or Arizona 352, or both with your return. OR, give your gift receipt to your tax professional.

For example, if a single individual owes \$1,000 in taxes but donates \$421 to Children's Clinics (a QCO), their tax liability is reduced to \$579.
